

The Hudson STEM alliance, Richmond Town Square, and Rockwell Automation invite you to the

## FIRST LEGO League Scrimmage at Richmond Town Square

November 17 and 18, 2012

- practice your missions
- get a feel for competition timing and flow
- use official tables with trained referees
- work with other teams
- promote your team
- ask questions
- get ideas
- have fun!

The scrimmage will consist of three rounds of robot competition. There will be time between rounds for teams to improve their robots. Shared practice tables will be available. There will be no judging sessions.

Registration is open to all teams that have registered for the 2012 Senior Solutions Challenge. Each team may sign up for one session.

Each team should bring:

- Robots
- Field Kits (we are asking teams to share their field kits on the practice tables)
- Computer (we will have power and workspace for each team)

Because we need volunteers, we are asking that each team provide one adult and two team members to work one session. Jobs include team check-in, table setters, referees, score keepers, team runners, and practice table managers.

Register by email to [RockwellAutomationFIRST@gmail.com](mailto:RockwellAutomationFIRST@gmail.com).
